

THIRD INTERNATIONAL SCHOOL-SEMINAR OF YOUNG SCIENTISTS

PHOTONICS

of Nano-and Microstructures

PhNMS – 2015

7-11 September 2015
Tomsk, Russia

Organizers

- Tomsk State University of Control Systems and Radioelectronics (TUSUR)
- Institute of Automation and Control Processes (Far Eastern Branch of RAS), Vladivostok (IACP FEB RAS)

Technical Areas

- Photon crystals and structures
- Nonlinear optical materials
- Nanoheterostructure и nanocomposites
- Semiconducting nano-and microstructures
- Nanometrology and measuring systems
- Photon and quantum systems and devices
- Nano-and biophotonics

School-Seminar Format

Within the framework of School-seminar some leading Russian and foreign scientists will deliver lectures on key scientific and research directions in the area of making and practical use of micro-and nanostructural materials and systems. The programme of lectures is formed on invitation of Program Committee. Papers to be presented at seminars and poster sessions will be selected by Program Committee from accepted abstracts. Preferences are given to young researchers, postgraduates and senior students. Official languages of the School-Seminar are Russian and English.

Submission of Abstracts

The one-page abstract together with a registration form should be sent to pnms2015@tusur.ru. Abstract requirements, registration form and additional information about School-Seminar will be available via <http://pnms2015.tusur.ru>.

Important Dates

- The abstract submission dead line is June, 15, 2015.
- Authors of accepted papers will be notified via e-mail by June 25, 2015.

Participant Fee

The participation in School-seminar is free.

Contacts

The School-seminar e-mail is pnms2015@tusur.ru. Contact person: Sergey N. Sharangovich tel: (3822) 41-36-43.

Tomsk

Tomsk is an ancient Siberian town that recently celebrated its 410th anniversary. It is an educational, research and innovation center of Siberia as well as a town of students. Six state universities and a big scientific production complex allow Tomsk to be one of the most intellectual towns in Russia. Ancient wooden architecture, youth atmosphere, innovation ideas and IT-technologies, rich natural recourses present unique image of Tomsk.

Welcome to Tomsk!

Honour Chairpersons

Alexander Shelupanov	Rector of TUSUR, Director of the Institute of System Integration and Security, Chairman of PhNMS	Tomsk, Russia
Yuri Kulchin	Vice-President Far Eastern Branch of RAS, Director of Institute of Automation and Control Processes of FEB RAS, Co-Chairman of PhNMS	Vladivostok, Russia

International Programme Committee

A.A. Shelupanov	Professor, Chair	Tomsk, Russia
Yu.N. Kulchin	Academician of RAS, Co-Chair	Vladivostok, Russia
A.A. Gorbatshevich	Corr. Mem. of RAS	Moscow, Russia
N.N. Evtiheev	Professor	Moscow, Russia
A.M. Zheltikov	Professor	Moscow, Russia
A.V. Kobashin	Professor	France
A.A. Kamshilin	Professor	Kuopio, Finland
S. Krishnaswamy	Professor	Chicago, USA
O.N. Krohin	Academician of RAS	Moscow, Russia
V.A. Makarov	Professor	Moscow, Russia
V.Ya. Panchenko	Academician of RAS	Moscow, Russia
S.G. Psahie	Corr. Mem. of RAS	Tomsk, Russia
A.I. Rudskoy	Corr. Mem. of RAS	Saint Petersburg, Russia
S. Tanaka	Professor	Yokosuka, Japan
Jinping Ou	Academician of CAS	Dalian, China
Zhou Zhi	Professor	Dalian, China
T.R. Volk	Professor	Moscow, Russia
A.V. Voitsehovskiy	Professor	Tomsk, Russia
S.V. Smirnov	Professor	Tomsk, Russia
A.L. Tolstik	Professor	Minsk, Belorussia
S.M. Shandarov	Professor	Tomsk, Russia

Organizing Committee

R.V. Meshcheryakov	Professor, Chair	Tomsk, Russia
S.N. Sharangovich	Professor, Co-Chair	Tomsk, Russia
V.A. Krakovskiy	Professor	Tomsk, Russia
V.A. Kagadey	Professor	Tomsk, Russia
N.N. Bakin	PhD	Tomsk, Russia
R.V. Romashko	Professor	Vladivostok, Russia
I.A. Sokolov	Professor	Saint Petersburg, Russia
S.M. Shandarov	Professor	Tomsk, Russia
V.M. Shandarov	Professor	Tomsk, Russia

Local Committee

E.A. Yurchenkova	PhD, Chair	Tomsk, Russia
A.S. Perin	PhD	Tomsk, Russia
N.I. Burimov	PhD	Tomsk, Russia
